

## PRE-DIAGNOSTIC SCIENCE – DIAGNOSTIC ULTRASOUND & VASCULAR TECHNOLOGY PLANNING GUIDE (CORE 34)

**Admission Requirements:** To be eligible to apply to KU's bachelor's degree program in Diagnostic Science, students must be admitted to KU's Diagnostic Ultrasound and Vascular Technology Certificate Program. A minimum cumulative GPA of 2.50 and a 'C' or higher in each course is required to be considered for admission. Admission is considered extremely competitive as limited spots are available.

**Application Deadline:** The deadline to apply is February 1. Applications must be complete to be considered for admission. If seats are still available, the program may accept applications after the deadline.

#### THINGS TO CONSIDER

- Students must complete 60 credit hours before starting the Respiratory Care program at the KUMC campus; this includes all prerequisites.
- Students who have completed a single combined anatomy and physiology course will need to complete either 1) second, higher-level anatomy and physiology course or 2) a separate course in physiology only.
- Students are encouraged to select elective courses, including biological sciences, behavioral sciences, math, or quantitative sciences, which help prepare for Respiratory Care
- Healthcare work or volunteer experience with patient contact is highly recommended.
- Two letters of reference are required. Instructors and supervisors are preferred, but Respiratory Care is flexible on this requirement.
- A resume is required. Connect with the University Career Center for help creating one!
