KU SCHOOL OF PHARMACY Pharm.D. Program

Pre-pharmacy curriculum

Courses include general and organic chemistry, molecular & cellular biology, microbiology, physiology, anatomy, statistics and calculus. The curriculum is designed to introduce a wide variety of topics and cultures and strengthen critical thinking and communication skills. The prepharmacy curriculum takes about two years to complete.

Professional curriculum

The Pharm.D. curriculum combines science and clinical knowledge with professional skills to prepare students to solve patient problems. Students study medicinal chemistry, pharmaceutical chemistry, pharmacology and toxicology, pharmacotherapy, law, ethics, drug information and management. The skills lab prepares students to counsel patients, give immunizations, compound drugs and operate a wide variety of medical devices.

PCAT (not required)

The Pharmacy College Admission Test (PCAT) is a standardized exam for prospective pharmacy school students. The PCAT consists of six sections, including writing, biology, chemistry, critical reading and quantitative reasoning.

Questions?

Chris Claussen Recruitment & Retention Coordinator Claussen@KU.edu 785-864-3591 The KU School of Pharmacy is home to one of the nation's top-ranked Doctor of Pharmacy (Pharm.D) programs. Our graduates are pharmacy practitioners who work in a wide variety of settings, including retail, hospitals, academia, government, industry, managed care and more. The six-year course of study includes two years of pre-pharmacy coursework, three years of full-time classroom and laboratory work and a final year of clinical rotations.

The KU School of Pharmacy hosts an annual Summer Camp for high school students and incoming college freshmen. Visit the KU School of Pharmacy website to learn more.

Admission requirements

- Earn a pre-pharmacy GPA of 2.5 or higher (Required coursework on next page)
- All pre-pharmacy grades must be C or higher
- Complete the PharmCAS application (pharmcas.org)
- Submit official transcript from each college you've attended
- Submit three recommendations
- Apply to KU (apply.ku.edu)

Application timeline

- Standard PharmCAS application period: August 1 June 1
- · Applicant interviews: Throughout application period
- · Admissions decisions: On a rolling basis
