

For KU Lawrence students seeking admission to KUMC:

PRE-AUDIOLOGY PLANNING GUIDE

Pre-Audiology is a track made up of courses required for entry to KU's Clinical Doctor in Audiology program. Students complete these requirements alongside the bachelor's degree of their choice, though an undergraduate degree in Speech, Language, Hearing is highly recommended. If students select a different major, the following coursework must be completed, as well as 12 additional hours of basic sciences and math.

REQUIREMENTS	OPTIONS AT KU	KU CORE	NOTES
Physics of Speech	SPLH 220*	1.2	MATH 101 or equivalent pre-requisite.
Principles of Speech Science	SPLH 462		
Principles of Hearing Science	SPLH 463		
Language Development	SPLH 566	3S	
Audiology Assessment and Rehabilitation	SPLH 568		Fulfills BGS Career Course requirement.
Speech-Language Pathology	SPLH 571		Fulfills BGS Career Course requirement.

IMPORTANT NOTES

- These requirements are paired with any bachelor's degree from KU, though it is highly recommended students earn a degree in Speech-Language-Hearing. This major covers all course prerequisites; students with other majors are required to complete 12 additional math and science hours.
- Schedule an appointment with the University Career Center to prepare applications for audiology programs.
- If you plan to start the audiology program directly after senior year, it's recommended to apply by the end of the fall semester. Applications are typically due by January 15, but deadlines are subject to change.
- Admission typically requires:
 - A primary application, submitted through the Communication Science and Disorders Central Application system.
 - A supplementary application from The University of Kansas.
 - Three references -- faculty are typically preferred, but employment or volunteer supervisors are also acceptable.
 - A complete resume including employment, academic history, leadership experience, and volunteer activities.
- **Sample schedule:**
 - 1st Spring: Physics of Speech
 - 2nd Fall: Principles of Speech Science
 - 2nd Spring: Principles of Hearing Science
 - 3rd Fall: Audiology Assessment and Rehabilitation
 - 3rd Spring: Language Development, Speech-Language Pathology

*Courses marked with an asterisk have pre-requisites not already listed above.
