CURRICULUM GUIDE
The pre-health information management track contains courses during the first two years of college required to be eligible for admissions to the bachelor’s degree in health information management at KU Medical Center.

PRE-REQUISITES:
- BIOL 240 Human Anatomy and BIOL 241 Lab*
- BIOL 246 Human Physiology and BIOL 247 Lab**
- BIOL 200 Microbiology and BIOL 203 Lab
- MATH 365 Elementary Statistics (preferred) or
  ***HSES 310 Research and Data or
  ***PSYC 210 Statistics in Psychological Research
- CHEM 110 Introductory Chemistry (Offered spring semester only)
- PHSX 114 College Physics (We only required 3 hrs.)
- HEIM 230 Medical Terminology
- RESP 200 Introduction to Respiratory Care

*An entry-level biology course must be completed prior to starting BIOL 240.

**If a student has only a single but combined Anatomy and Physiology (A and P) course, the student will need a second course that is either physiology or a second (higher level) A and P course

***Requires approval from the Department of Respiratory Care and Diagnostic Science

COMPLETE THE KU CORE:
- Goal 1.2 MATH 101
- Goal 2.1 ENGL 101 or ACT exemption, and ENGL 102
- Goal 2.2 COMS 130
- Goal 3H PHIL 160
- Goal 3S PSYC 104
- Goal 4.1 SOC 104
- Goal 4.2 Any

GPA:
2.50 grade point average overall is required, with a grade of “C” or better on each course.

APPLICATION DEADLINE:
February 1 is the deadline for priority admission status. Applications are accepted past this date as seats in the class remain available. It is strongly recommended students visit the program website to review all admission requirements at least the year before applying.
EXPLORE RESPIRATORY CARE:
Take RESP 200 Introduction to Respiratory Care (1 credit) as an elective online. This course will explore respiratory care as a career path, providing an understanding of the scope of practice and professional opportunities. Students will have the opportunity to learn from and have hands-on experiences with highly skilled and experienced respiratory therapists.

NOTE:
Students must complete 60 credit hours before starting the program at the KU Medical Center campus.
